

Passion for the Profession

February 11 – 18, 2017

4th Annual Court Reporting & Captioning Week

Court reporters, broadcast captioners, and
CART providers *love* their profession.

Stenographers have been capturing
the spoken word for more than a century.

We work to preserve history and
support the cornerstone of our
justice system, as well as serve
the deaf and hard-of-hearing community
through providing captioning and CART services.
